Commercial and Corporate Aviation in Europe and Beyond – Current Regulatory and Operational Challenges and the Effects of Brexit.

**Athens, Greece
May 2018**

**Presented by:
Anthony Frances
Senior Counsel – Gateley UK LLP
Dubai & London**

Corporate Issues

- Overall Company and Airline Risk Management
- Role of Regulator & Industry (HCAA, EASA and UK CAA)
- Aviation Management – Importance
- Aircraft & Operational Documentation – Contracts and Agreements
- Brexit and Beyond? “Hard” or “Soft” Brexit
- Safety and Security – New Word Order, Regional Conflicts, Drones
- Data Protection & Technology (Effects of social media)
- Travel Regulations & Compulsory Insurance

Brexit

- UK will be out of the European Union - Customs, EASA, Tax, Workforce, Free Movement of Goods and Services
- Bi-lateral Agreements to be reinstated
- Trade and Passenger Barriers and Checks
- EU Rules and Regulations for carriage – PAX delays, compensation, etc., Revisiting the European Court
- State of Registration & EU Movements
- Political & Economic Uncertainty
- Flight Scheduling and Air Traffic Management

Effects of Brexit

- New AOCs (for EU Operations)
- Flight Disruption
- Security and Passenger Screening
- Tax and Free Movement of Goods Restrictions
- Interlining and Ticketing
- Pilots/crew stationed outside of UK (see IAG Group Issues)
- End of Open Skies? Closure of some regional airlines, airports
- Aircraft lease and finance issues, long term investment and ownership issues (EU citizens and UK nationals)
- Maintenance and Service Providers – must now hold UK and EU certification
- Airbus and service providers will have a customs and workforce nightmare
- Opportunities for Athens? Regional Hub? Effect of Gulf Carriers?

Additional Matters

- Insurance – Effect & Use of Insurance (Airlines, Travel, etc.)
- Regional Civil Aviation Authorities (EASA, UK CAA)
- EASA NCC Regulations (Non-commercial)
- State of Registration & EU Movements (Leasing In?)
- Political & Economic Uncertainty
- Airline mergers, failures (Air Berlin, Monarch, Alitalia). End of legacy carriers?

Safety & Security Issues

- Safety in Aviation
- Security in Aviation
- Terrorism & Mediterranean Risks
- Passenger Risks
- Airport Risks
- Organisational Risks – Management, Operational Failures

Operational & Organisational Issues

- Aircraft Operations & Management
- Accident Prevention & Disaster Management
- Effect of Regulation on Aviation Operations
- Safety Management (Including ERM & SMS)
- Human Factors
- Risk Management Profile & Procedures
- Organisational Failure (loss or Aircraft, Operations,)

Presentation
